The Tata Institute of Social Sciences (TISS) which was established in 1936 is a Deemed University fully funded by the University Grant Commission (UGC), Government of India. The TISS offers 56 Master Degree Programmes in a range of Socially relevant inter-disciplinary of Social Work, Social Sciences, Health, Management, Labour Studies and Habitat Studies from its Mumbai, Tuljapur, Guwahati and Hyderabad Campuses. It has a strong M.Phil/Ph.D programme a high degree of freedom and autonomy shape the positive work ethos and creativity in the Institute. The TISS offers a very challenging but fulfilling academic environment and opportunities to practitioners committed to creating a just society through education, generation of knowledge and field action and invites interested persons located within and outside India to apply for the following positions at the Centre for Education Innovation and Action Research (CEIAR).

The **Centre for Education Innovation and Action Research (CEIAR)** is a new Centre at TISS Mumbai which is being established to engage with and promote innovation in school curriculum, teacher education and higher education curriculum and pedagogy. The Centre will incubate and promote innovations that will address the needs of India education and relevant to the developing world, and the innovative use of new technologies and media to raise quality and standards. Towards this the Centre will collaborate and engage with research, development, teaching and field action.

The **Connected Learning Initiative (CLIX)** is an innovative field action programme being launched by the CEIAR, to improve the professional and academic prospects of high school's students from underserved communities in India. CLIX incorporates thoughtful pedagogical design and leverages contemporary technology, including online capabilities, to provide quality educational content and experiences at scale. It embraces a clear focus on the areas of Mathematics, English and Science along with the development of Values and professional competencies to widen opportunities for Indian youth, enabling them to be successful in further academic studies or in the workforce, as well as prepare them for life-long learning. Teacher education is an integral part of the initiative with a view on capacity building. The initiative aims to reach a total of approximately 1,000 schools and 150,000 students and 3000 teachers in at least 3 states between 2015–2018. CLIX involves partnerships and collaborations with research and development institutions, and state governments. (Click here for additional information about the programme <https://clix.tiss.edu/>.)

I. Non Faculty Positions:

Non Faculty appointments to the CEIAR will be on contract initially for a period of two years which may be extended for an additional one year based on performance, review and need.
